LinkedIn [www.linkedin.com/in/satyam-suri-0987621a9](https://www.linkedin.com/in/satyam-suri-0987621a9)

Highly skilled Web Developer with over four years of experience in developing and managing ecommerce websites, and ERP systems, and handling API integrations. Proficient in PHP (Laravel, WordPress), .net , ASP.NET Core MVC , ASP.NET Core Web API , ADO.NET , HTML, CSS, and JavaScript, and experience in cloud services like AWS and Azure. Adept at managing Linux web servers and integrating various enterprise applications to optimize business operations.

## Professional Experience

### Full Stack Developer

*NotifyVisitors, Delhi, India      March 2025 – September 2025*

- Developed a notification management system to send targeted advertisement notifications to improving engagement by delivering personalized ads through automated scheduling and user tracking preference.
- Worked on mobile integration APIs to enable seamless communication between the mobile application and backend services, ensuring efficient data exchange and optimized app performance.
- Created ad popups compatible across multiple device platforms, ensuring responsive design and optimal display for both mobile and web users.
- Created Node.js services to handle MySQL database operations and manage automated website crawl executions for data extraction and processing.
- Implemented scheduling and error-handling mechanisms within Node.js services to ensure reliable execution of crawl tasks and efficient data synchronization with the MySQL database.

### Software Engineer

*Muviz Rasulgah, Bhubaneshvar, Odisha, India May 2024 - Dec 2024*

- Developed advanced media player features including playlist management, video playback controls, and streaming capabilities.

- Implemented functionality for supporting various media formats and codecs, ensuring broad compatibility and user satisfaction.
- Debugged and resolved complex issues related to media playback, enhancing user experience and application stability.
- Enhanced the user interface of the media player using HTML, CSS, and JavaScript, focusing on usability and accessibility.
- Integrated third-party libraries and APIs to extend media player functionalities, such as subtitles and metadata retrieval.
- Conducted performance optimization of the media player, reducing load times and improving overall responsiveness.

### **Software Developer**

*Meliorist Consultancy Services Panchkula, India Feb 2023 - Oct 2023*

- Deployed web applications to various environments, including staging and production servers, ensuring smooth and error-free launches.
- Created and managed databases on servers, optimizing performance and ensuring data integrity and security.
- Developed custom Human Resource Management Systems (HRMS) to streamline employee management and administrative tasks
- Built comprehensive Sales Management Systems to track sales processes, manage customer relationships, and generate detailed reports.

### **Web Developer**

*International Knowledge Academy Jalandhar Punjab, India (MSP company closed and employees shifted to this company MSP and International Knowledge Academy have same parent company) March 2022 - Dec 2022*

- Deployed web applications to various environments, including staging and production servers, ensuring smooth and error-free launches.
- Created and managed databases on servers, optimizing performance and ensuring data integrity and security.
- Developed custom Human Resource Management Systems (HRMS) to streamline employee management and administrative tasks.
- Built comprehensive Sales Management Systems to track sales processes, manage customer relationships, and generate detailed reports.
- Integrated third-party APIs, such as Zoom, to add video conferencing and other external functionalities to web applications.

- Designed and implemented RESTful APIs to support various frontend frameworks, enabling seamless communication and data exchange.

## Web Developer

*MSP The Knowledge Academy Jalandhar Punjab, India    Aug 2020 - March 2022*

- Developed robust backend systems and APIs using Laravel and PHP, ensuring efficient data management and seamless integration with frontend applications.
- Designed and implemented database schemas, optimized queries, and maintained database performance using MySQL.
- Collaborated with frontend developers to integrate server-side logic with HTML, CSS, and JavaScript, creating dynamic and responsive web applications.
- Effectively monitored and managed alerts triggered by operational issues using the HP-OMI application.
- Created and maintained RESTful APIs, facilitating communication between the backend and various client-side applications.
- Conducted code reviews and implemented best practices for backend development, including security, scalability, and maintainability.
- Implemented authentication and authorization mechanisms, ensuring secure access to web applications.

## Education

BTech: Computer Science and Engineering July 2020 - July 2023  
Lyallpur Khalsa College of Engineering, Jalandhar, Punjab  
CGPA: 6.66

3 yrs Computer Science Course July 2017 – July 2020  
Mehr Chand Polytechnic College Jalandhar

## Key Skills

- **Web Development:** PHP (Laravel, WordPress), HTML, CSS, JavaScript, jQuery, AJAX, Bootstrap , .net , ASP.NET Core MVC , ASP.NET Core Web API , ADO.NET
- **APIs:** SOAP, Rest, OData

- **Integrations:** HubSpot, Stripe, Square, Zoom, MS Teams, AWS, Elasticsearch
- **Databases:** MySQL, MariaDB, MS SQL Server
- **Queue Management:** Redis
- **Servers:** Linux (CentOS, Ubuntu)
- **Version Control:** Git, Bitbucket
- **Other:** Elasticsearch, PowerShell Script execution, Lambda Functions, CRON, Supervisor, PHP-FPM, WebSocket, Passport Auth 2.0, MS Excel, MS Word

## Languages

- English
- Hindi
- Punjabi

## Personal Information

- **Nationality :** Indian
- **Marital Status:** Single
